

## 华住集团有限公司宣布对现有银团贷款进行财务契约豁免，以及公布2020年第一季度酒店经营初步业绩。

24/04/2020

SHANGHAI, China, April 23, 2020 (GLOBE NEWSWIRE) -- Huazhu Group Limited (NASDAQ: HTHT) ("Huazhu", "we" or "our"), a world-leading hotel group, today announced leverage covenant waiver for existing syndication loan and preliminary results for hotel operations in the first quarter ended March 31, 2020. Upon the completion of Deutsche Hospitality ("DH") on January 2, 2020, we added 5 new hotel brands, including Steigenberger Hotels & Resorts, Maxx by Steigenberger, Jaz in the City, Intercity Hotel and Zleep Hotel. In this press release, we provide separate operating results for Legacy-Huazhu and Legacy-DH.

### Leverage Covenant Waiver for Existing Syndication Loan

On April 17, 2020, our syndication banks approved to release Huazhu from the original six-month-tested financial covenants for a period up to June 30, 2021, subject to the satisfaction of certain amended covenants. The 3-year syndication loan consists of USD500 million and EUR440 million, due in December 2022. The amended covenants mainly include: (1) minimum EBITDA requirement of RMB1 billion for the second half of 2020; (2) net asset value should be more than zero; and (3) no cash dividend during the waiver period.

### COVID-19 Impact in Q1 2020

China, where COVID-19 first started to have an impact in late January, has experienced steadily improving trends. Domestic travel is gradually rebuilding with eased travel restrictions and national policy for resuming production and work. The number of our temporarily closed hotels declined from the peak of 2,310 hotels in mid-February down to 369 hotels as of March 31, 2020. During Q1 2020, the governmental authorities requisitioned accumulatively 610 Huazhu hotels (2 million room nights, 12% of which were from our leased hotels) at various locations and periods for medical support workers and quarantine purposes. As of March 31, 2020, Huazhu had 374 hotels under governmental requisition.

Since the COVID-19 outbreak in Europe in March, DH has temporarily closed its hotels. 85 DH hotels were temporarily closed as of March 31, 2020, including 49 leased hotels and 36 manachised and franchised hotels.

Excluding the addition of DH, net revenues for Q1 2020 are expected to decline 45% to 47% (not fully reflecting the revenues from our hotels under governmental requisition) year-over-year. We don't recognize the revenues from our hotels under governmental requisition until the settlement from governmental authorities. Including the revenue contribution from DH, net revenues for Q1 2020 are expected to decline 14% to 16% year-over-year.

Heading into Q2 2020, more business and leisure travel demand continues to recover in China. We are now accelerating new hotel openings and signings of new franchisees to help us keep on track toward our 2020 growth target.
